

Basking Ridge Country Club's Greens Superintendent, Craig Mencl recognized as New Jersey's "Best of the Best" by Golf Styles Magazine!

BRCC Greens Superintendent, Craig Mencl began his career at Mendham Golf and Tennis, where he made a such a strong impression that the organization recognized his potential and sponsored his education at Rutgers, where he excelled in the University's Golf Turf Management Program.

Craig later joined the BRCC Team and began his career at Basking Ridge Country Club, where he recently celebrated his 18th season this year! As Greens Superintendent, Craig Mencl is recognized by our entire membership, guests and staff for his leadership and talent at combatting the effects of very unusual weather storms and patterns over the past several years and leading his team in making BRCC one of the top courses in New Jersey.

Outside of the challenges that Mother Nature has dealt our state over the past years, the main focus for Craig and his team has been enormous drainage construction project on the golf course and surrounding areas, enhancing the layout and design of multiple holes, and bunker additions. Craig and his crew have truly faced many challenges throughout the seasons and are responsible for making our course look the best it has in years! Never taking all the credit for himself, Craig speaks proudly about his crew: "I owe any success that I have to them because they are fantastic". Being on a golf course greens staff involves a unique commitment and dedication, hours including weekends, holidays and days that begin while we are all still in slumber. As the first golfers are teeing off as early as 6:30am, Craig and his crew have already been out there for hours grooming the course for another day of our members' enjoyment.

Craig has been such a great attribute to BRCC and we cannot thank him enough for his dedication and the outstanding work he has done in keeping our golf course immaculate and in premium condition year after year. Craig was recently named one of the "Best of the Best in New Jersey" by GolfStyles Magazine, 2013 Reader's Choice Poll. Congratulations Craig and to his entire team! You deserve recognition-You are the stars of Basking Ridge Country Club!
